- Affinity with the mission of GRI would be an advantage

About GRI

GRI (Global Reporting Initiative) is the independent, international organization that helps organizations be transparent and take responsibility for their impacts so that together we can create a sustainable future. We do this through the creation of the global common language for organizations to report their sustainability impacts. This enables informed dialogue and decision making around those impacts.

GRI is the global standard setter for impact reporting, which through an independent, multi-stakeholder process, maintains the world's most comprehensive set of sustainability reporting standards. Available as a free public good in 12 languages, the GRI Standards are, globally, the most widely used for sustainability reporting.

GRI plays a unique role in the global drive to create a sustainable future for all. Sustainability reporting enables transparency and helps markets function more efficiently, supporting better decisions that create sustainable benefits for everyone.

GRI works with businesses, investors, policymakers, civil society, labor organizations and other experts to develop the GRI Standards and promote their use by organizations around the world. The resulting standards help governments hold organizations accountable for their impacts and initiate dialogue to drive corporate contribution to national and international sustainable development efforts.

Today some 10,000 organizations, including 75% of the largest 250 companies in the world, disclose sustainability information through the GRI Standards – something unimaginable only 15 years ago. In addition, our standards are referenced explicitly in 160 policies of governments, regulators, and stock exchanges in 60 countries.

Headquartered in Amsterdam, the Netherlands, we have a network of seven regional hubs ensuring we can support organizations and stakeholders worldwide.

How to apply

Interested candidates, eligible to live and work in the Netherlands, are invited to submit their resume and letter of interest in English to recruitment@globalreporting.org. The deadline to submit an application is 12.00 noon (CET), **Friday 23rd July 2021**. GRI appreciates all expressions of interest, however only short-listed applicants will be contacted.
